| Attachment 1: Photos | |
| Summary of testing: | |
| Tests performed (name of test and test clause): IEC 60598-2-5:2015 used in conjunction with IEC 60598-1:2020 EN 60598-2-5:2015 used in conjunction with EN IEC 60598-1:2021 + A11:2022 | Testing location: ShenZhen Promise Test Technology Co., Ltd. 103, Building 1, Yibaolai Industrial City, Qiaotou Community, Fuhai Street, Baoan District, Shenzhen, Guangdong, China |
| Summary of compliance with National Differences: | |
| List of countries addressed | |
| <input checked="" type="checkbox"/> N/A | |
| Use of uncertainty of measurement for decisions on conformity (decision rule) : | |
| <input type="checkbox"/> No decision rule is specified by the IEC standard, when comparing the measurement result with the applicable limit according to the specification in that standard. The decisions on conformity are made without applying the measurement uncertainty ("simple acceptance" decision rule, previously known as "accuracy method"). | |
| <input checked="" type="checkbox"/> Other: ... (to be specified, for example when required by the standard or client, or if national accreditation requirements apply) | |
| Information on uncertainty of measurement: | |
| <p>The uncertainties of measurement are calculated by the laboratory based on application of criteria given by OD-5014 for test equipment and application of test methods, decision sheets and operational procedures of IECEE.</p> <p>IEC Guide 115 provides guidance on the application of measurement uncertainty principles and applying the decision rule when reporting test results within IECEE scheme, noting that the reporting of the measurement uncertainty for measurements is not necessary unless required by the test standard or customer.</p> <p>Calculations leading to the reported values are on file with the NCB and testing laboratory that conducted the testing.</p> | |

Copy of marking plate:

The artwork below may be only a draft. The use of certification marks on a product must be authorized by the respective NCBs that own these marks.

LED Flood Light

Input: 100-277V~ 50/60Hz Max. 500W

Model: TG-08V-0500-01A

ta: 40°C IP67

Zhongshan Kerisheng supply chain Management Co., LTD.

MADE IN CHINA
